## HOW TO GUIDE: KARA DOUGHBALLS

**STEP 1:** Take the required number of frozen doughballs from the case. Place on a tray, 2" apart.

**STEP 2:** Place in a fridge overnight for a minimum of 8 hours to defrost before use. -To avoid skinning cover lightly with a lightly greased cling film

**STEP 3:** When taking the doughballs out of the fridge, keep them covered and leave to warm at room temperature for 1 hour.

**STEP 4:** Roll and pin the dough to the desired size.

*If making a deep crust pizza allow to stand in a warm area until the dough has risen to the required size.*

**STEP 5:** Prepare the dough with toppings of your choosing and bake on a baking tray until the crust starts to brown and crispy.
